# About Classical Tents

Classical Tents & Party Goods was established in 1986 and has grown into the area's largest rental company. Located in the beautiful Berkshire Mountains of Western Mass., we service all of the Northeast. Our goal is to provide year-round, full service event rentals and equipment. We provide our clients with clean, modern products in a friendly and professional manner. Our knowledgeable staff has the ability and know-how to provide the tips and information to make your event one to remember. We have staff on call 7 days a week to handle any situation that may arise. We can cover your event not just with a tent but with all of the accessories to ensure a successful event!

## Tents

Classical Tents & Party Goods offers traditional pole tents and frame tents, as well as elegant clear tents, structure tents and sailcloth style tents. We carry round tents, rectangular tents, square tents and oval tents. Classical Tents has the tent for your wedding, gala, corporate meeting, anniversary party and more! Our new tent washer helps ensure that you get a nice, clean white tent.

The prices listed are for usual and customary installations. Decks, rocky terrain and other site issues will incur an additional fee. Portage will be charged if we cannot drive directly to the drop off location. Tent stakes are 42" long and reach far into the ground. Non public utilities are the responsibility of the property owner and must be located by the property owner prior to tent installations. Permitting will be necessary for your event; there is a fee for permits. All tents must be anchored to the ground. If staking is not possible, ballasting (weights) is required for frame and Structure tents. There is an additional fee for this. Prices may change without notice.

We suggest the number of guests that would fit in each tent. (see next page) These are suggested numbers but will vary based on the usage of the tent. Large head tables, bands, photo booths, multiple bars, and other factors may effect your tent size.

## Structure Tents

The 202 Frame System is the ultimate choice for versatility and durability in structure tents. This heavy-duty frame system supports tent widths from 33' to 66', with expansion capabilities up to 82' using additional components. Its robust construction allows for increased hanging loads, ideal for lighting, décor, and even snow loads in narrower widths.

This system offers extensive customization options, with multiple attachment points for glass walls, doors, porch overhangs, and more. Unlike traditional frame, pole, or sailcloth tents, the 202 system can be installed on challenging surfaces, including elevated decks and concrete areas where staking is not possible. Additionally, its modular design enables easy expansion or contraction without requiring a full dismantle.

The contemporary shape can be transformed with clear tops and custom décor to create a stunning, elegant event space. Offering superior weather protection and unmatched adaptability, the 202 Frame System is the go-to choice for high-end, functional event structures.

## Dance Floor

We offer a variety of dance floor styles to perfectly complement your wedding, birthday party, or corporate event. Our modular flooring system allows you to create the ideal look for your celebration by mixing and matching our available panels: Northern Birch, Cherry, White, and Black. Whether you prefer a single color or a custom combination, our high-quality dance floors add elegance and style to any event. Our Northern Birch flooring provides a natural and light wood finish, while our Cherry panels offer a rich, elegant tone. Our Black and White panels allow for classic combinations, such as a traditional checkerboard pattern or a custom mix of white with birch or other styles. Whatever your vision, we can help bring it to life with our versatile options. Each dance floor is professionally installed to follow the lay of the land. We offer multiple size options to best fit your venue and guest count. Contact our office to explore additional dance floor sizes and configurations.

## Flooring

Classical Tents is very experienced at installing flooring. The base consists of wood stringers or wood panels which follow the lay of the land, or perfectly level stage sections. Which base you need depends on your site and your preferred topper. The toppers could include Atlantic Birch wood panels, Carpeting, or, coming soon, gray wood flooring panels.

Accurate pricing requires that we do a site inspection so that we can determine the best product for your site. From level wedding sites to sloped sites, gullies or mountain sides, we can floor it all!

Call to set up a time to have one of our expert floor installers inspect your site. From there we can prepare a computerized drawing for you as well as provide you with accurate pricing. Pricing quoted without a site inspection will be considered a guestimate and not a firm price. Flooring must be ordered minimally 4 months prior to your event date, and in some cases even earlier.

## *Rental Terms*

Reservations should be made well in advance to assure availability. We suggest the tent site be inspected and measured before a contract is written. 50% of the contract amount will be required as a reservation retainer to hold the rental items. The remaining contract amount will be due on or before the date of delivery and set-up. Contract amount is subject to sales tax unless the customer provides a tax-exempt form.

Cancellations will result in a charge of 50% of the rental fee; cancellations the week of the event will result in a 50-100% charge. Linen and sub-rented items will be charged in full.

Items may not be moved from delivery location without specific permission from Classical Tents office (not permission from delivery man).

The official rental period is 24 hours long. Please inform us 3 weeks or more in advance if you would like to use items you have rented for a longer time (based on availability). Installations may take more than one day.

Prices may be subject to change at anytime.

Customer responsibilities include checking the count and condition of the items rented and ensuring their safe return. Items are to be kept secure and protected from the weather from the time of drop

off until the time of pickup. Missing or damaged items will be charged to the billing customer.

**Portage Fees\*:** Normal delivery fees include delivery directly to the event site via our delivery vehicles. If we are unable to pull our truck up to the event site, or site where delivery is wanted, portage fees will be charged.

Should the event site location change over time, or should access to the site change, and portage becomes necessary, a portage fee will be charged prior to delivery to the event site. If the office was not informed that portage would be necessary and a fee for that was not added already, a subsequent fee will be charged. Until the fee is paid in full the delivery will take place next to where the Classical Tents truck is parked.

Winter tent prices are in effect  
November 1st - March 31st.

**PLEASE READ OUR RENTAL CONTRACT IN FULL, SIGN AND RETURN.**

\*Portage is the fee for carrying equipment to a site, and out of the site, by hand or by dolly or other equipment. The need for portage means a lengthy delivery and pick up process that also delays other work needing to be done that day

## *Delivery*

Delivery fees will apply. They may vary as gasoline prices fluctuate.

Customers may avoid delivery fees by picking up from and returning items to our warehouse located at 43 Downing Industrial Park, Pittsfield, MA.

All delivery fees include ground level or first floor delivery at loading dock. An additional fee will be

charged for second floor (or more) deliveries. Portage to sites we cannot drive our trucks right up to will be charged. Multiple pick up sites will incur additional fees.

Prices subject to change without notice.

Late payment subject to a 1.5% finance charge monthly.
